

## **Visit to the Hong Kong Observatory**

The Hong Kong Observatory organizes regular visit for schools and organizations to promote public understanding of the Observatory's work and to foster disaster preparedness. Visitors can see how weather forecasts are formulated and disseminated to the public using the latest technology. They will also observe how weather observations are made using meteorological instruments.

In view of the latest development of COVID-19 epidemic, public visits to the Observatory, including the guided tour, are suspended until further notice.
