

逆轉氣候變化大行動

「全球暖化與氣候異變」講座系列

Combating Climate Change Campaign

Global Warming and Climate Variation Seminar Series

主題：全球暖化對三極的影響

Theme : Climate Change - Impact on Three Poles

講座資料 (Seminar Details)

日期 Date : 22.10.2011 (星期六, Saturday)

時間 Time : 2:30 pm - 4:30 pm

地點 Venue : 香港科學館演講廳 (Lecture Hall, Hong Kong Science Museum)

查詢電話 Enquiry : 2595 8182

普通話主講 (Conducted in Putonghua)

即場免費入座，座位先到先得 (Free admission on a first come, first served basis)

主講嘉賓 (Speaker)

高登義教授
Professor GAO Deng Yi

中國科學協會主席

Chairman of China Association for Scientific Expedition

挪威卑爾根大學數學與自然科學 榮譽博士

Honorary Degree, Faculty of Mathematics and Natural Sciences, University of Bergen, Norway

中國首位完成三極科學考察的科學家

The first Chinese scientist who completed the expeditions at the three Poles

嘉賓討論環節 (Discussion Forum)

梁榮武先生
Mr. LEUNG Wing Mo

香港天文台助理台長

(輻射監測及評估)

Assistant Director of the

Hong Kong Observatory

(Radiation Monitoring and

Assessment)

李樂詩博士
Dr. Rebecca
LEE Lok Sze

中國科學探險協會 副主席

Vice Chairman of China

Association for Scientific

Expedition

極地博物館基金創辦人

Founder of Polar Museum

Foundation

高登義教授亦會於2011年10月21日(星期五)在大專院校進行分享。詳情請瀏覽逆轉氣候變化大行動網頁：<http://www.ecc-climate.org.hk>
Sharing sessions with Professor GAO Deng Yi will also be held at tertiary institutions in Hong Kong on 21 October 2011 (Friday). For further information, please visit the Combating Climate Change Campaign website at: <http://www.ecc-climate.org.hk>
